October 5, 2020

The Honorable David Y. Ige
Governor, State of Hawaii
Executive Chambers, State Capitol
415 S Beretania Street
Honolulu, HI 96813

Dear Governor Ige,

Please take a look at the attached letter that I recently sent to Senator English regarding his comments on legalizing recreational marijuana in Hawaii.

I am strongly opposed to the recreational use of marijuana in Hawaii as long as the problems plaguing our Medical Cannabis Program are allowed to continue.

Our 30K+ medical cannabis patients deserve to know your plans for addressing the gross mismanagement of our Medical Cannabis Program by the Department of Health (DOH), as well as your plans for ending the discrimination that our patients are facing every day because of the unnecessary conflict between the federal regulation of the non-medical use of marijuana and the state-authorized medical use of cannabis in Hawaii.

I have written to you about these problems on several occasions over the past two years and have never received a response that discusses actions your office will take to insure that our Medical Use of Cannabis Act is being faithfully executed.

I am writing to you about these issues again because DOH is not administering our Medical Cannabis Program in a manner that complies with its mission to protect the health and welfare of our medical cannabis patients, and this must change.

I look forward to a response from your office.

Aloha,
