RESURRECTING THE SENATE COMMITTEE ON HEALTH

Dear Governor Ige,

During the 2015 Legislative Session, when the Senate and House were battling over a Medical Cannabis Dispensary bill for the State of Hawaii, we saw the Senate Committee on Health ([HTH](#)) unceremoniously lose its Chair, and become folded into the Senate Committee on Commerce and Consumer Protection ([CPN](#)), to create the current combined Senate Committee on Commerce, Consumer Protection, and Health ([CPH](#)).

The combination of CPN and HTH under one roof not only creates an inherent conflict of interests between commerce and health, but it also places excessive power in the hands of a single Chair.

I have tried to bring this issue up with Senate President Kouchi on several occasions with no response. Therefore, I am requesting your assistance with resurrecting the Senate Committee on Health under a new Chair so that we can once again have a single committee that is dedicated to focusing on the health and welfare of our patients.

Could you please tell me your plans for addressing this issue with President Kouchi.

I appreciate your attention to this matter.

Aloha,
