SB147 – RELATING TO CONTROLLED SUBSTANCES

Dear Senator Nishihara,

Thank you for considering a public hearing for [SB147](#).

This bill addresses an issue that has been brewing in Hawaii for over twenty years and provides a viable solution that can end the discrimination that the conflict with the federal regulation of marijuana is causing for our medical cannabis patients and dispensaries.

This bill is especially timely given the growing discussion about expanding the state authorized use of cannabis to include both medical and recreational purposes, which would also benefit from ending the current federal conflict.

Aloha,
